5 **TITLE II—PEOPLING OF**  
6 **AMERICA THEME STUDY**

7 **SEC. 201. SHORT TITLE.**

8 This title may be cited as the “Peopling of America  
9 Theme Study Act”.

10 **SEC. 202. FINDINGS AND PURPOSES.**

11 (a) FINDINGS.—Congress finds that—

12 (1) an important facet of the history of the  
13 United States is the story of how the United States  
14 was populated;

15 (2) the migration, immigration, and settlement  
16 of the population of the United States—

17 (A) is broadly termed the “peopling of  
18 America”; and

19 (B) is characterized by—

20 (i) the movement of groups of people  
21 across external and internal boundaries of  
22 the United States and territories of the  
23 United States; and

1 (ii) the interactions of those groups  
2 with each other and with other popu-  
3 lations;

4 (3) each of those groups has made unique, im-  
5 portant contributions to American history, culture,  
6 art, and life;

7 (4) the spiritual, intellectual, cultural, political,  
8 and economic vitality of the United States is a result  
9 of the pluralism and diversity of the American popu-  
10 lation;

11 (5) the success of the United States in embrac-  
12 ing and accommodating diversity has strengthened  
13 the national fabric and unified the United States in  
14 its values, institutions, experiences, goals, and ac-  
15 accomplishments;

16 (6)(A) the National Park Service's official the-  
17 matic framework, revised in 1996, responds to the  
18 requirement of section 1209 of the Civil War Sites  
19 Study Act of 1990 (16 U.S.C. 1a–5 note; Public  
20 Law 101–628), that “the Secretary shall ensure that  
21 the full diversity of American history and prehistory  
22 are represented” in the identification and interpreta-  
23 tion of historic properties by the National Park  
24 Service; and

1 (B) the thematic framework recognizes that  
 2 “people are the primary agents of change” and es-  
 3 tablishes the theme of human population movement  
 4 and change—or “peopling places”—as a primary  
 5 thematic category for interpretation and preserva-  
 6 tion; and

7 (7) although there are approximately 70,000  
 8 listings on the National Register of Historic Places,  
 9 sites associated with the exploration and settlement  
 10 of the United States by a broad range of cultures  
 11 are not well represented.

12 (b) PURPOSES.—The purposes of this title are—

13 (1) to foster a much-needed understanding of  
 14 the diversity and contribution of the breadth of  
 15 groups who have peopled the United States; and
